SERVICES

Spiritual Healing

Spiritual healing is defined as one of the most intriguing categories of alternative and also complementary medicine. It is basically a direct interaction between the healer and the person to improve the illness or disease of the latter. Some people who are struggling with their mental find spiritual healing the most effective way to treat the same. With spiritual healing you can restore, harmonize, and balance your soul.

Recognized as the **Best clinic for spiritual healing**, our healers design customized healing plans for each client helping them to meet their inner selves. Our spiritual healing therapy will help you reconnect with your essential being- the wise, powerful, creative, and loving entity at your core.

Different types of spiritual healing practices by our healers:

- Physical healing (of the body)
- Emotional healing (of the heart)
- Spiritual healing (of the spirit or soul)
- Mental healing (of the mind)
- Holistic healing (of the body, mind, heart, and soul)

Past Life Healing

Past life healing is a therapy that uses hypnosis to connect with past life and recover what therapists believe are memories of past lives. According to experts, an individual suffering from mental disorders, like anxiety disorders, mood disorders, and also gender dysphoria can treat themselves by using past life healing therapy.

Basically, past life healing can clients in:

- Reconnecting with your past life experiences.
- Helping understand the reason for feeling a deep connection with certain people or places.
- Exploring past and current soulmate experiences.
- Exploring unresolved emotions which are carried in the current life.
- Identifying physical ailments that might be remnants of past life experiences.

In case you think that the mental issues you are experiencing might have their origins in the traumatic experience of past life, then reach out to us. We, Healing Self, the **Best clinic for past life Healing** are teamed up with qualified and experienced therapists who can take patients back in time and understand the root cause of their mental problems.
