## HP INTERNATIONAL SCHOOL

Education is the most powerful weapon  
which you can use to change the world.

Nelson Mandela

Prospectus

We are

**A Meritocracy**

Where People are judged by the quality of their ideas and the magnitude of their accomplishments, not their lineage.

**Focused**

Meaning that we focus on our core competencies, Rather than attempting everything whatever we attempt, we do do exceedingly well.

**Courageous**

Since in our quest for a better way we are neither hesitant to turn away from the security of tradition nor afraid to accept the challenges of tomorrow.

**Relevant**

Because we are not an ivory tower but an institution focused on generating knowledge that makes a difference to the world.

**Irreverent**

As people we are not afraid to laugh at Ourselves or learn from others. In short, we are one people, one mind, one heart notwithstanding multiple disciplines and locations where boundaries are loosely defined and highly permeable.

“A stable and nurturing childhood is essential for the healthy psycho-emotional and spiritual development of a human being. While we may understand what is supposed to happen to us physically, we must begin to better understand what happens to children mentally, emotionally and spiritually as a result of the families into which they are born.”

--Iyanla Vanzant

**STUDENT PROFILE**

- 1. What talents or strong interests does your child exhibit (ex: - fine or performing arts, athletics, computers, etc.)?
- 2. Has your child ever been promoted/ stepped up beyond his/her level or held back in school? YES NO  
Expelled? YES NO

# Chairman's Message

I welcome every student to become a part of H P International School because here we can proudly say that we aim to provide an education of global standards by providing global infrastructure and the best experienced faculty so that every student can enhance his knowledge and develop critical thinking, interpersonal and leadership skills.

- Har Prasad Singh Patel  
Chairman

# Director's Message

I welcome all students with immense pleasure on behalf of entire campus community of HP International School.

HP international school is spread generously across several lush green acres and well equipped with all necessary facilities distinguishing it from other schools in the region. Our School has highly qualified and experienced principal and faculty who possess expertise in moulding children.

The school aims to provide safe and secure learning environment in which every student can not only develop himself mentally and physically but also develop the sense of integrity, honesty, leadership and ethics. We aim to turn every student into a responsible citizen of the country and help them to face challenges head on.

- Shivam Patel, Director  
M.B.A.

# Message from the Principal

I feel privileged to welcome you to HP International School, Budaun, one of the best schools of the region which will impart quality education with latest technology. I am the proud Founder Principal of this wonderful school where the management aims to nurture the educational, personal, social and physical growth of our pupils in this one of the 640 most developing districts of the country. Spread over an area of SEVEN acres the school is nestled in the locality of lush greenery, the school will provide children with best education in a safe and secure learning environment.

I can confidently say that on completion of studies at HP International School, every child will be fully prepared to take on a role of useful and responsible citizen of the world. Nowadays, the school will break the general trend to judge a child with the help of traditional evaluation

system in form Progress Report Card. We will focus on making a child a good human being who will be polite, humble, kind-hearted, co-operative, disciplined and punctual. If these virtues are embedded in our children, they will surely be successful both in their academic lives as well as in their future professional careers.

We from the very beginning of a child's schooling at HP International School focus on his/her wholesome learning using a number of methods, devices and techniques; hence allowing the child to imbibe lessons thoroughly and apply them to real life situations. To make this possible we have our specially designed ICT modules for every lesson to make learning joyful and meaningful.

Today's world is entirely different from yesteryears. Shrinking distances both in terms of time and space have given birth to globalization, characterized by the integration of knowledge and skills with information and communication technology. Such a world demands a distinct, all-encompassing education for universal learning.

With the changing scenario and global education, there is a lot beyond the classroom which needs to be made an integral part of the time-table. We have a blend of activities which serve to tap the talent. We will constantly polish and hone skills of our students so that they can face the challenges ahead. Debates, declamations, quiz, elocution, poetry recitation, sports, cultural events, annual function, drawing & painting, theater, dance, music, workshops and seminars for personality development etc. are just to name a few which will enhance and boost confidence among the students of HP International School.

Besides being a source of inspiration and opportunities, for parents in general and children in particular HP International School, Budaun has to go a long way in guiding all concerned. I would suggest you to consider for quality, contemporary education and walk in to HP International School, Budaun to know how we can assist you in taking a right decision for your child.

We are evolving and growing, every passing day. And we will leave no stone unturned in achieving our vision and mission. We have many good things for you, and we will be adding more in times to come, in order to make education more result-oriented and meaningful. We look forward to your support and faith in our noble motive of providing affordable and contemporary education.

- Sujit Kumar Jana  
Principal

# About HP International School

“Children are our most valuable resource.”  
- Herbert Hoover, US President

HP International School aims to be the most fertile environment in the region nourishing, nurturing and guiding overall learning and growth of precious children during the most formative and crucial period of their lives.

The concept is to impart total quality education, not just book worm learning. Our focus is on all round development of each child entrusted to our blend of contemporary and traditional care using age old Indian philosophies as well as concomitant paths. We aim to imbue them with principles and ideals of life and turn out multi-dimensional, fully developed personalities. We propose to inculcate in our students precious set of values. We shall inspire and motivate them in the most pleasing ways, providing the most fertile environment for growth.

Realization of these extraordinary aims necessitates superior infrastructure and highly capable, qualified, experienced academic faculty and non-academic staff members. As such we plan our school as follows:

- Modern construction adhering to LEEDs and green building concepts, fully earthquake resistant, conforming to international standards.
- Well designed, convenient layout, easy accessibility, precautions keeping safety and security of our students in mind.
- Lush green panoramic campus spread over 7 acres.
- Qualified, dedicated, experienced and handpicked staff of all India character chosen for their ability to

develop a rapport with children and motivate them to aspire to the highest standards in life.

- Smart classes equipped with latest smart board with audio visual facility to deliver knowledge based on ICT (Interactive Communication Technology).
- Laboratories for Physics, Chemistry, Biology, Mathematics, Social Studies, and Information Technology equipped with the latest technologies and devices.
- A multitude of extra -curricular and co-curricular activities are in place.
- Full online presence for easy interaction between school, teachers and parents with School Management System and ERP (Education Running Programme).
- Vast playgrounds with 400m track, game zones and highly qualified sports and physical fitness teachers.

Our school is primarily for a niche segment of enlightened parents who know the current competitive situation, appreciate the importance of total development and empowerment of a child through the best educational methods and want him to become the highest achievers. Each child from our school will display discipline, excellent elegance, refinement of manners and etiquettes, knowledge and practice of traditions, respect for others and human values, care for environment, physical and mental abilities and of course shine in studies.

## Our Admission System

### SCHEDULE

Registrations for admission open from February every year. New class sessions begin from April.

### SCHOLARSHIP

Deserving and meritorious students are eligible for a variety of scholarships in Academics, Activities, Sports and for English Language proficiency.

### PRE PRIMARY CLASSES

Play Group, Nursery, Kindergarten (KG) sections are planned to incorporate maximum activity based learning for almost all subjects including music, yoga, drawing, painting, dance and selected major indoor and outdoor games of their age group.

### PRIMARY CLASSES (I-V)

Main subjects for these classes include English, Hindi Science, Environmental Studies, Social Science, Mathematics, Computer Science, General Knowledge and Moral Science apart from co-scholastic areas and other activities in a unified programme.

### MIDDLE CLASSES (VI to VIII)

English, Hindi, Sanskrit, Science, Social Science, Mathematics, Computer Science as main subjects with Moral Science and General Knowledge as additional ones. We include all co-scholastic areas and activities in terms of CBSE guidelines.

### CLASSES IX AND X

English, Hindi, Science, Social Science and Mathematics are offered to the students as per scheme of studies chosen by the students and CBSE guidelines. In addition, Information Technology, Music and Physical Education will be offered as electives. Apart from this all co-scholastic areas and activities are covered in terms of CBSE guidelines. However, the School plans to implement CBSE-I curriculum for all classes in a phased manner according to guidelines of CBSE, New Delhi.

### PROCEDURE FOR REGISTRATION

An application for registration is the first stage of the admission process. Each application needs to be

accompanied with a non-refundable registration fee so that the student's name is considered for registration for the academic year and the class in which admission is sought.

### DOCUMENTS REQUIRED AT THE TIME OF ADMISSION

The following documents are required as a part of the admission procedure for every student applying for admission to the HP International School:

1. Original Birth Certificate
2. Transfer Certificate
3. Character Certificate
4. Photographs (4 copies for students and 2 copies each of parents)
5. Migration Certificate (If deemed necessary)
6. Copy of Residence and ID proof of the Parents

### PROCEDURE FOR ADMISSION

Admissions are a simple process here at HP International School. Parents appear together with the child for an interview and are assessed by a panel for the child's admission to the Pre-nursery section. For other classes students need to take an admission test. In addition, we assess personality of parents, their social status and other factors as part of the admission process. The Principal has the final authority to approve admission following outcome of the test and interview.

### FEES

Fees are devised to be modular; advance payment to be made for three months' term. From time to time we announce several programmes where payment may be necessary and in such cases parents are informed through phone, SMS or mail.

### WITHDRAWAL PROCEDURES

If, for any reason, you wish to withdraw your child from our school, it is easy to do so at the end of a term by giving a request in writing with reasons. At the time of withdrawal all outstanding must be cleared up as a precondition for our issuing the school leaving certificate.

# Geared for the Future

## Guiding Principles

### Mission

The HP International School aims to become the region's most distinguished and illustrious School, building a reputation for its brilliance in imparting quality education and total personality development of each child keeping in view his/her characteristics. Our School is the starting point of unparalleled opportunities that lead to life-long personal and social development of each child. Highly committed, we promise an immersive, life-changing experience for each child leading to achievement of educational, personal, and career goals through a personalized learning model comprehensively covering multiple learning environments both within and beyond the classroom in order to mould our pupils into responsible citizens of the country.

### Vision

To provide an environment to students so they can realize their unique potential and develop deep rooted value system blended with leadership skills, learning agility and innovative thinking through our unique affordable, accessible contemporary education.

### Core Values

- Trust, reliability, honesty
- Untiring zeal, passionate commitment and fanatical dedication to education and to moulding children to be the pride of families and society
- Teach children core values of love, respect, friendship, sharing, caring, giving and positive approach towards people, society and towards life.

## An Ideal Environment for Learning

HPIS is a co-educational day school conceptualized and operated on truly international standards with maximum infrastructural and instructional facilities. The school considers education to be a life - long process that should have strong foundation. The goal is to inculcate in our students a love for learning and a desire to excel at every level. The school also aims at equipping

students with intellectual and practical skills that are necessary to meet the challenges in their future life. The school aims at not only building a strong foundation in academics but also grooming the students for unforeseen challenges in every step of life while coming across as courteous and caring individuals.

11

As matters stand today, studies and career are extremely competitive spheres of life. The future will be even more competitive and only the best will shine. The foundations of future success are laid in infancy and childhood. HP International School is fully geared for the future, putting in place systems, methods and practices that will help each child at our institution succeed in life.

The entire concept is to guide, teach and empower each child to be ready to take on life with unerring, unshakeable confidence built upon the strongest of foundations. To this end we have devised the entire curriculum for all round development of a child, instilling in him skills and capabilities not available in other institutions. Practical realization is through teaching aids, classrooms and educational aids in the hands of the ablest and best teachers.

The concept is to promote harmony between building, environment and people through design coherence and positive attitudes as the underlying concepts. Harmony is the platform from which springs creativity and engenders capabilities for achievement in life.

From there on it is specific focus to all areas of life of a child, starting at the playgroup stage and going on to the seventh. This includes study materials, games and sports, personal growth, acquisition of knowledge and skills, all under the able guidance of committed personnel. The courses, methodologies and implementation are of the highest order to achieve superior outcomes. This is ground zero, preparing your child for a take off in life.

# The HPIS Advantage: Unleashing Each Child's Inner Potential To The Max

We have far-sighted vision and a global outlook while retaining essentially rich values of Indian heritage and tradition that we blend and inculcate into each student at our Institution. When you enroll your child at HP International School, you enjoy several advantages. A few of these are:

- Access to the best, enlightened study courses implemented in interactive ways to help knowledge transfer, retention and application.
- A child learns how to acquire knowledge, retain it and then know where this knowledge comes in useful, giving him motivation and incentive to learn. There is no blind learning at HPIS. He knows when, what, how and why of knowledge.
- Superior facilities, clear, clean, airy, spacious classrooms equipped with all audio visual aids
- Fully-equipped Labs and work areas for science, computers, modelling
- Caring, committed teachers who are more like gurus
- Full focus on all round development: physical, mental, spiritual and social skills acquisition
- Total integrated 360 degree lifestyle that includes studies, play, arts, crafts, competitions, social activities and acquisition of diverse skills for comprehensive personality development
- An opportunity to make friends with other children from the same social strata and form lifelong bonds
- Polish and refinement and deportment of the highest order are reflected in each student's behaviour—an area of neglect in other learning centers.
- We train and equip each child to make full use of his capabilities, interact at a social level with skill and finesse, learn about courtesy and respect, attain superior knowledge levels, take on positions of leadership and become an example for society,

Pride of belonging to the best institution in this region, pride of his family and pride of society.

# Highly Qualified Faculty and Trained Staff

We hire only the best, highly qualified experienced faculty members who have a passion for education and a zeal for moulding students responsibly, with love and with care. The School is also committed to Staff Development through a wide range of on-going in-service training programmes.

Each member of the faculty in charge of teaching possesses at least a double graduation qualification in addition to specialized training in Child Development and Pedagogy. Each has ample experience in his or her field of specialization and is chosen after a careful analysis of personality profiles, especially in reference to child education and handling.

## ACADEMICS

The School will have classes from Pre-Nursery to XII. It will offer Science (Medical and Non-Medical) and Commerce stream in classes XI and XII.

The academic year begins in early April and the Final Examinations are conducted in early March of the following year.

English is the medium of instruction through the School. Hindi too holds a place of very high importance in the curriculums, and every effort is made to ensure that each student acquires proficiency in both. Provision for imparting teaching of foreign languages also on the agenda since our students shall be future global citizens.

## ACCREDITATION

HP International School is in the process of being affiliated with the Central Board of Secondary Education (CBSE) and CBSE-I (CBSE International).

## CURRICULUM

The School will follow NCERT based CBSE Curriculum as per National Curriculum Framework-2005 and plans to incorporate the latest CBSE-I curriculum.

## PROMOTION AND EVALUATION SYSTEM

The students will be promoted to the next higher class on the basis of continuous and comprehensive evaluation (CCE).

The School evaluates students through four Formative Assessments and two Summative Assessments in an Academic session.

Besides, there are cycles of weekly tests in each term, the weight-age of which is taken for final assessment of marks. Promotion to the next class is granted to the students on the basis of their overall performance during the academic session. Hence, importance of regularity in attendance and work is encouraged.

- The School periodically assesses each student for his in all subjects.
- Weekly tests are held in all subjects for all classes.
- Evaluation for classes II - XII is based on each student's continuous academic performance during the year.
- Students scoring 40% and above in all subjects and in aggregate qualify for promotion to next class.
- The School keeps parents informed of results of weekly evaluation through instant online personalized students' ID as well as Short Messaging System (SMS).

## OUR CAMPUS

HP International School has a large campus set in lush green sylvan surroundings with a peaceful ambience. The school has one of the most innovative architectural concepts and will be equipped with ergonomically designed furniture and facilities. There are:

- CCTV camera and surveillance in each individual classroom as well as in the Campus
- Playgrounds with facilities for all major games and sports
- Double Internet high speed broadband connectivity, Wi-Fi

## COMPUTER LAB

Computer education is imparted to students from class 1st onwards equipped with Laptop and Tabs to match

- The school schedules regular meetings, programmes and organizes inter- House, Inter-class and inter - school competitions in which all students are encouraged to participate. Students are often escorted to cultural programs and sent to represent the school in co-curricular fixtures hosted by other schools and at state and national levels. Major co-curricular activities being implemented at HPIS are listed below:

## PHYSICAL OUTDOOR ACTIVITIES

Badminton, Basketball, Cricket, Football, Athletics Events, Taekwondo, Martial Art, Karate, Table Tennis, Lawn Tennis, Yoga, Kho-kho, Horse Riding, Hand Ball And Volley Ball.

## CREATIVE INDOOR ACTIVITIES

Collection of stamps and coins; creative literature

## GAMES SPORTS AND FITNESS

Edusports are being introduced. Games & Sports form an integral part of the school routine and all students are expected to participate regularly. A normal school day begins with early morning PT or Yoga. It is compulsory for each child to participate in all games and sports. The school employs a qualified DPE to be in charge of games and sports. Occasionally, special arrangements are made to call in specialized coaches in different areas of sports and games for advance training purpose. School teams regularly participate in tournaments and sports meets at Local and National Levels. Special stress is also laid on athletics, particularly track and field events, including long-distance running, sprinting, long jump, high jump and shot-put. Karate is also taught to all students of classes V to XII to develop discipline and focus. The Sports

## HPIS CAREER GUIDANCE

At HP International School, we make sure that when children graduate from our institution they can make a considered, wise choice in following a career path aligned with their interests and talents and achieve the zenith of success. We provide specialized guidance and counseling services through our HPIS Career Guidance programme to help them move in the right direction in their future.

The programme assists the students and parents in acquiring information about subjects as well as higher education choices aligned with their preferences, personalities and capabilities.

## HPIS CLUBS & EXCURSIONS

We provide a number of opportunities to our students to

current trends and expectations in terms of computer literacy.

## LABORATORIES

Our Physics, Chemistry, Biology, Mathematics and Language labs are well equipped with all modern apparatus and instruments.

- Well trained lab attendants are employed for smooth functioning of the labs.
- Labs are further furnished with illustrated charts, maps and working models.
- Audio visual equipments.

## LIBRARY FACILITIES

The School plans a fully equipped library with printed books, digital editions, microfiche, CDROMs and multimedia consoles in order to encourage reading habits and to provide extra knowledge to students and staff. In addition, the library houses a large number of reference books and encyclopedias. The library also subscribes to various newspapers, weekly, monthly magazines and journals and has a Wi-Fi connected computer for internet browsing.

## CO-CURRICULAR ACTIVITIES

- The school offers a large variety of co-curricular activities including but not limited to vocal classical music, sitar, tabla, Bharat Natyam, Kathak, folk dance, craft work, drums and computer studies. The students are taught by experts in the field and often attain remarkably high proficiencies in their chosen fields of activity, adding dimensions to their personalities.

appreciation/prose/poetry; Dance, Debate, Declamation, Fancy Dress competition, Dramatics, Robotics, Origami, Knitting & Embroidery, Indian Vocal Music, Indian Instrumental Music, Personality Development, Public Speaking, Recitation, Wall Magazine, Candle making, Clay Modeling, Doll Making, Painting (Acrylic, Folk, Glasses, Mix Media, Oil, Sand & Water), Printing, Sculpture, 3-D projects

The Students are given receive intensive coaching in any one activity of their choice in both categories, twice a week. One day of the week is reserved for House Meeting and inter-house as well as class-wise competitions.

## MUSIC AND DANCE

Particular emphasis is laid on Indian music and dance. Each child is encouraged to elect for one of the activities offered under this head. The Annual Inter-House Music and Dance Competitions, held separately once a year for junior classes and for senior classes. This gives a large number of students the opportunity to develop their talents and gain confidence by performing on stage in front of a large audience.

"May we develop to the uttermost, those various gifts of mind and body which thou hast given us....."

## ART AND CRAFT

A diverse range of arts and crafts is taught to students from an early age as a key to developing physical dexterity, brain power and body-mind coordination. Clay-modeling, pottery, toy-making, Rakhi-making are some of the several skills that are imparted to the students. Origami receives a place of special importance for all classes upto grade-VIII, giving pride to students for their creative abilities along with boosted self confidence to take on intricate tasks.

Day is an annual event of importance generating a great deal of enthusiasm and excitement as it is the culmination of year long inter-house sports and games activities.

HP International School plans a fully equipped sports complex, a gym, games, endurance building programs and trainers who instill the love for fitness in each child. Razor sharp minds work in power packed bodies. Children learn to love sports, make it a part of their life and practice fitness as a daily routine. Apart from sports and fitness activities in the campus, we plan regular excursions and adventure activities, mandatory for all students to develop fitness and independence.

## YOGA

In pursuance of its aim to inculcate Indian values in its students, the school lays great emphasis on Yoga. Yoga is a compulsory part of the daily curriculum for all students to help them achieve inner balance, focus, holistic health and enhanced mental powers.

"....help us in our play, to keep ourselves physically strong....."

## HPIS LINGUISTS

HP International School lays emphasis on the development of languages skills of students from the very beginning. The HPIS Linguist, a computer-aided language lab at the School, assists children in learning English and other foreign languages such as French and German. The HPIS Linguist Programme, we exposes them to a variety of listening and speaking drills which help them become fluent in foreign languages, a must for success in the global arena. The HPIS Linguist sessions include word games, quizzes, extemporary speeches, debates & skits.

help them develop a finely honed character with winning, competitive attitudes. At the school, we have students clubs, Houses, magazines and newsletters in which they are expected to participate the contribute with full enthusiasm.

## CLUBS

The Students Clubs help bring out the latent skills in children and provide them with a platform to display their talent. The concept of the Clubs is to promote personality and aptitude development. Students have the options of joining the Eco Club, Kalidas Club, Shakespeare Club, Music Club, Yoga Club and others to gain useful immersive experience and interactions that ultimately add a superior edge to their personalities.

The Literacy Club periodically publishes school updates and newsletters to keep the parents informed about the activities and achievements of their children.

## HOUSE SYSTEM

HP International School has four Houses, A, B, C and D, each with a house captain assisted by prefects along with house master for smooth functioning of all inter and intra-house events.

## Tours & Educational Excursions

We organize regular tours for our students to visit museums, art galleries, exhibitions and places of historical, cultural, scientific and environmental interest as part of overall education and learning experiences that widen their knowledge base. They also get opportunities for camping expeditions and excursions to game parks and picnic spots from time to time.
