“The best place to hangout is where hookah meets food.”

Undeniably, you can get Hookah at various other places. Then, what makes us different? The answer is – Fusion. It is the combination of things in a proper ratio that sets us apart from the others. Moreover, we are way above than just a Shisha Bar as we can provide you with a complete entertainment package at the same place.

Let's look at the fractions that make ABC matchless.

Family Outing v/s Friends Night Out

Don't worry if you are hesitant to introduce your family to a Shisha Lounge & Restaurant just because you do not like the atmosphere. We assure that you will find the place friendly and decent.

It is meant to have enjoyment and just it.

Even then if your mind is not allowing you to take your family here, ABC has an alternate. We have a dedicated family space. You can book your seats in that and have fun.

An Astonishing Haunt

Environment plays a vital role in pacifying you. Even if you have access to various things like drinks, food, shisha, and whatnot, you can't relax completely until you have a soothing environment. Moreover, it should be such that let you build emotional connections. This calls for a perfect mix of colors, lights, and music. Besides, the place should be evenly comfortable and attractive. We have it all.

The Ambiance

*"Light creates ambiance and feel of a place, as well as the expression of a structure", said
Le Corbusier.*

The interior of ABC is designed aptly to tranquilize you. The setting of lights including series & lanterns is fit to catch your eyes. We have a low light with overhead settings to encourage relaxation and romance. A bright light could be a source of distraction. However, we have sufficient ambient lights that enable people, including staff to undertake the basic task easily. And, we could not afford to forget colors as they have own language. *"Mere color can speak to the soul in a thousand different ways."*

Music

Music is no less than therapy. *"Music is to the soul what words are to the mind."* At ABC, you will find instrumental music played at a fitting volume to add to your dining experience. It prevents distraction that otherwise could be caused due to excessive noise in the surrounding. At the flip side, it covers up the silence.

Dance Floor to Rock & Roll

How we can forget those chunk of people who get a kick from dancing! Definitely, we can't. Dance for some people is a way to celebrate and to others, it is a time-pass. Yet other people are here just to dance. Considering this, we have set apart a place for the dance floor, which is separated from dining. So, the peace admirers can enjoy in their way and dancers can hit the floor unrestrictedly.

Imagine yourself sitting with your friends/family on comfortable sofas in a place with a dim light and peaceful music; having dinner and relishing hookah! How does it feel? Just perfect!

You are already at ABC Shisha Lounge & Restaurant!

Saporous Shishas (Hookahs)

We serve the hookahs that are made of first-rate tobacco to ensure that it hit your senses right. At ABC, you will find the hookahs of all the top brands. Additionally, we present you with a diverse range of flavors.

Though the flavors are many and choosing & denoting anyone as the best is difficult because it all depends on your preference. But, there are some which are pervasive. Unlike others who come & go with trends, the universal flavors are in demand all the time. Some of the most picked hookahs are mentioned below:

Al Fakher Shisha Flavors – Mint

It is the most favored Shisha flavor of all-time as mint can be mixed with almost every other flavor to get a better version. What makes it popular is its genuine taste. It is denoted as the optimum blend; neither high nor low.

Tangiers Noir Cane Mint

The most chosen flavor is cane mint that tastes like peppermint. It is mint with a sweet touch. For Tangiers hookahs, specific bowls need to be used and thus the process of smoking is different.

Al Fakher – Double Apple

It appeals to many Hookah smokers as it is a blend of licorice taste and sweetness.

Starbuzz Pirate's Cave

It is the right fit for the people who adore the taste of lemon-lime soda. Upon smoking, it produces a mellow lemon aroma that is liked by many.

Fumari White Gummi Bear

Famous yet uncommon! It serves you with the aroma & taste of pineapple mixed with citrus, which gives an entirely different feel.

Social Smoke Absolute Zero

Produced in the US, it provides a blend of peppermint with winter-fresh flavors and is one of the topmost flavors in terms of quality. On opening, it welcomes you with chocolate aromas that you won't find in the taste.

Apart from the ones mentioned above, there are others too. And to deviate from the normal path, you can select from creamy flavors. Furthermore, we serve you with customized flavors. In all, you will have a freakish experience.

Hookah Accessories

We have a wide variety of hookah instruments that are made of a different variety of accessories including bowls, hoses, bases, and stems. In addition to this, we have the option of smoke enhancement that improves the thickness of smoke for crazy hookah consumers. You can order according to your choice.

Furthermore, you have the below options:

Single Hose Hookah

This is the most conventional forms of hookahs, set to deliver high standard performance. For those who want to luxuriate alone, this is convenient. With this, you gonna derive superlative shisha pleasure as it gives a full taste.

Multi-Hose Hookah

If you want to take hookah delight in a group, then it is the best to choose multi-hose hookah. In this, you need not share the mouth-piece and can play with it easily that leads to more fun. You can create smoke rings too.

Abode to Sate Your Taste Buds

Virginia Woolf stated,

“One cannot think well, love well, sleep well if one has not dined well.”

Keeping this in mind, we are ready with terrific dining options. When it comes to food, different people have different choices. Food choices and taste preferences vary from one

individual to another. You know this very well and must have faced it! Didn't you? Took your spouse to some restaurant for lunch or dinner but landed to an unsatisfactory experience because your partner did not get her favorite white sauce pasta! Such an annoying moment it is! We can understand this feeling of yours as we all have gone through the alike situation at some point of time in our lives. And nothing can teach you what experience can.

Will Rogers said,

“Good judgment comes from experience, and a lot of that comes from bad judgment.”

Having been fortunate enough to pass through such disappointing practice, we could know the importance of a multi-cuisine restaurant at the right time, which serves as a wonderland for a food-lover.

Needless to say, food is a must-have. And the food, to be able to assuage your hunger, must be what you prefer to eat. So, with multiple things in mind, we have come up with an extensive menu. Whether you are craving for Italian food or love eating Chinese dishes, you will get it at ABC, without any fail. Wait! Though common, these are not the only favorites. There is a vast range of food in India too. Being rich in cultural diversity, it has varied options that are categorized mainly into East, West, North, and South. Apart from this, come Arab and Mediterranean cuisine. And, we serve these too. So, now you can imagine how vast our offerings are! The reason behind this is simple; we believe good food is essential to satisfy your mind. And, when you are heading out to chillax, you should get what you expect. Otherwise, what is the sense in spending money?

Good Food = Good Mood

And this not the end of our specialty!

We have taken into consideration those as well who are vegetarian. *As someone mentioned, “food is not just eating energy. It's an experience”*, we want you to have the best one.

Pointless to say, vegetarian people have all the rights to enjoy food with a hookah at a marvelous place. But, they might not like to eat at a commonplace. After all, it's their choice and we respect that.

So, all vegetarians out there,

don't get discontented.

ABC is there to serve you with an equally pleasing experience. We have reserved a corner for you where you can enjoy veg dishes of your choice along with shisha, and celebrate your time. Besides, we have a separate kitchen for veg and non-veg. Because not all hookah lovers like non-veg! And this should not be the reason preventing you from blowing-out.

The Commitment to Freshness

Our cooking department is pledged to prepare mouth-watering dishes with fresh ingredients. Going a step ahead, we make use of hand-blended species as they add to the taste of the food along with ensuring originality.

Also, we take appropriate steps to maintain the cleanliness & hygiene of the entire place including the kitchen, which is of utmost importance. Anytime you can have a view of our kitchen; you will find it perfectly neat and odor-free. We care for your health.
