

What is E-virtual assistance?

A **virtual assistant** is practically an outsourced employee who provides administrative services to a client while operating outside of the client's office. A **virtual assistant** typically operates from an individual or multiple office bases. They can access the necessary planning documents, such as shared calendars, remotely. Our virtual assistants carry several years of experience as administrative assistants or office managers.

Essential Takeaways

- Our **virtual assistant** is a dedicated employee who specialises in offering administrative services to our clients from our office space.
- Typical tasks our **virtual assistant** can take up include scheduling appointments, scrape property data, marketing, showing properties, transaction coordination, etc.
- We also have **virtual assistants** who specialize in online marketing, SEO, SEM, SMO, Google Ads, and marketing services.
- As an employer, you have the advantage of hiring a **virtual assistant** to find flexibility in your contract for just the services you need.

How does a Virtual Assistant Work?

As we all know that a major global pandemic has forced the whole world to work remotely from their homes. The pandemic has practically affected millions of working professionals and many multi-national companies. While so many people have lost their jobs, many companies have faced billions of dollars in losses. This is where **virtual executive assistance** comes in.

During this time the only reliable thing has been the virtual world. Finding a **virtual assistant for hire** is a blessing in disguise. All you have to do is outsource your everyday essential tasks. We let you concentrate on your customers and utilize your time in making your business strategies. We do the backstage work for you, we set up the stage for you to succeed.

Also, since your **virtual executive assistant** works offsite, there is no need for a desk or other workspace at the company's office. Your **virtual executive assistant** will work their own computer equipment, commonly used software programs, and high-speed Internet service. This way your work never has to face any backlash, no matter what the situation is around the world.

Why do top companies hire remote real estate virtual assistant?

It is a well known fact that most Real Estate Agents are burdened with expense and a huge amount of work on daily basis. This can become a lot of hassle with too much to handle under a single roof. We bring you services like scraping property data, marketing, showing properties, transaction coordination, etc. Now, by hiring your **personal Virtual assistant** on hourly, daily, weekly, monthly basis you can be relaxed at your home.

- **Quick Onboarding** - Our streamlined signup procedure makes sure that our best **virtual executive assistants** join your team and you start picking speed with your business. Since, the whole process is online, it takes less than a day to sign up and pick a **virtual assistant** on hire. It is completely safe, legal and much more quick than other offline methods.
- **Vast Reach - eVirtual Employees** stands as an organisation which has been in the outsourcing business since last 3 years. We have a team of best in class **Virtual Assistants** having an average experience of more than 4 years. This gives us an edge over other competitors in the market.
- **Welcoming flat pricing—** The idea is to keep the price as low as possible, no matter whenever you hire, wherever you hire. Best part, there is no hidden fees. So, next time you need the right person for the job in a high intensity situation, you know where to go without thinking about the cost.
- **No minimum employee counts or contracts** - It doesn't matter whether you hire one employee or 100 for a month or for as long as

you want, it doesn't matter. We will get the job done for you. Think of your **virtual assistant** as your own employee.

Benefits of having an E-Virtual assistant

For most of our clients, the biggest advantage of hiring a **virtual assistant** is the flexibility of the contract for only the services they particularly need. Depending on the terms of the agreement, some **virtual assistants** can either be paid according to the task or any other basis. Where usually, employees in a normal office set-up have be paid for a fixed number of hours per day.

If you are a small business owner, hiring a **virtual assistant** can help you immensely by saving you valuable hours to focus on growing your business and generating revenue. It is definitely easier and much more cost-effective to outsource a job that is complex and time-taking to someone who is specifically tailor-made for them.

Our **best virtual assistants** are tech-savvy, have a plethora of computer skills, and a high level of proficiency with commonly used software and business programs. What else? We already have done their background and qualification check.
